Sub: Strengthening of Drug Testing Mechanism in ESI Institutions-reg.

Ref: ESIC Hqrs Website web upload, console no. 22214/2025 dated 28.07.2025 & console no. 22926/2025 dtd 30.09.2025.

With reference to the captioned subject & the mentioned above console no., it is informed that to ensure the quality of drugs procured by ESI Institutions, a Memorandum of Understanding (MoU) for Testing of drugs has been executed by ESIC Hqrs with approved Testing Laboratories of Pharmaceuticals & Medical Devices Bureau of India (PMBI).

Further, ESI Institutions were instructed to send details of sample sent for testing (Name of the Item, RC Item No., RC No. and Batch No.) to the Website Content Manager at **website@esic.nic.in** for uploading on the ESIC Headquarters website, so as to avoid duplication of testing.

However, it has been observed that some ESI Institutions/Hospitals are still sending the drug testing data directly to the RC Cell, ESIC Headquarters, instead of the Website Content Manager. This lapse is being viewed very seriously by ESIC Hqrs Officials.

In view of the above, ESI Institutions/Hospitals are once again requested to ensure that the details of drug samples sent for testing and details of Not of Standard Quality (NSQ) drugs (if any), are forwarded strictly in the prescribed formats (Annexure-A & Annexure-B) **directly to the Website Content Manager at website@esic.nic.in** for immediate uploading on the ESIC Headquarters website, under intimation to the RC Cell, ESIC Headquarters at dmc-rc@esic.gov.in or rc-hqrs@esic.gov.in.

i. **Annexure-A:** To be filled by ESI Institution/Hospitals after sent samples of Drugs for testing.

ii. **Annexure-B:** To be filled by ESI Institution/Hospitals, if sent samples of Drugs is declared NSQ by Testing Laboratories:

ESI Institution Name	Drug/item Name	Batch No.	Mfg. By	Date of Mfg. & Exp.	RC drugs/ Jan-Aushadhi Drugs/CPSE Drugs/Others	If RC drugs (RC no.)	Item No.	Report No./ Date	Report in PDF

This issues with the approval of Medical Commissioner (Procurement).
